Availability: 1 weeks' notice

Health: Excellent, non-smoker, no tattoos  
Two years' Examination Certificate - 11/09/2016  
Full clean Driving License

### PROFILE | OBJECTIVE

---

I'm currently studying at the "ISYL-ITALIAN SUPER YACHT LIFE-Founding" in Viareggio and attending a two-year course for aspiring Deck-Officer, where I'm classified as Deck Cadet after I recently received the nautical diploma at "Artiglio" High School in Viareggio.

In the past years I managed to achieve personal and work-ethic growth by performing different jobs that allowed me, through servility and courtesy, to learn different skills. These competences are based on experiences that required teamwork and a good problem-solving attitude.

I'm able to have good public relationship skills with both the personnel and the clients, followed by care and commitment to the owner and captain's needs.

I've been described by many as an energetic worker that has a particular passion for new challenges and the sea, now ready to work in any multicultural environment.

Each task and challenge I've been assigned to has been performed with passion, enthusiasm and love. Thanks to the various opportunities I've been offered, I'm pursuing the path that will allow me to become Captain.

### QUALIFICATIONS & CERTIFICATES

---

#### **Nautical Institute Diploma**

Practical and theoretical navigation, notions about the ships' structure, and leaning the management of the different roles and positions on board.

#### **Trainings**

IMO STCW'95 basic and advanced.

- Basic firefighting
- Personal survival technics
- Advanced firefighting
- Certificate of proficiency for seafarers with designated duties
- PSSR

## EXPERIENCE

---

**May 2015 – October 2015**

***Waiter and Hosting***

“Villa La Bianca” - A famous B&B located in one of the most visited parts of Camaiore, Lucca.

There I hosted many VIP guests by using an exemplary level of service, providing helpful assistance on wines and craft beers while entertaining the clients.

**April 2014 – September 2014**

***Surfboard and Skateboard Instructor***

In order to increase both skateboarding and surfing skills I had to plan and project my clients' needs and skills. By working with all sort of ages, I obtained a better sensibility to the individual's necessities, goal orientation and work planning.

**June – September 2013,2012,2011**

***Tourists animator***

I worked as animator for three summers. This kind of work taught me how to increase my public relations. I was involved in a very charismatic role where the main goal was to entertain and reach people of all ages' interest and attention.

**May 2010 - September 2010**

***Barman***

The Barman job has helped me to increase and better understand customer's demands. With this experience I learnt a lot about wines, mixology, and the way to serve them properly.

**June 2009 – August 2009**

***Deckhand***

I worked as deck-hand in a private motor yacht, *Gianetti* 24 mt. My tasks included keeping the yacht clean and helping the captain during ship boarding. This was my first work experience, but it was enough to guide me and inspire me to learn more about this career path and work environment.
